Funding opportunities for innovative projects	
9.45 to 10.45 am	**Horizon 2020 calls for proposal** –Mrs. Pilar Gónzalez, Head of the Department of Institutional Promotion and Territorial Cooperation at CDTI (Centre for the Development of Industrial Technology) Work Programme Secure societies - Protecting freedom and security of Europe and its citizens. The open calls identified of mutual interest are: - **SU-BES02-2018-2019-2020** : Technologies to enhance border and external security - **SU-BES03-2018-2019-2020**: Demonstration of applied solutions to enhance border and external security - **SU-INFRA01-2018-2019-2020**: Prevention, detection, response and mitigation of combined physical and cyber threats to critical infrastructures in Europe What's next with Horizon Europe?
10.45 to 11.00 am	**Coffee Break**
11.00 to 12.00	**EUROPEAN DEFENCE FUND** – Ms. Océane Le Bot and Mr. Colin Ruel, Pôle Mer Méditerranée This new funding programme aims at coordinating and increasing national investment in defence research and improve interoperability between national forces. The fund has two stands: - Research (€90 million until the end of 2019 and €500 million per year after 2020) - Development & acquisition (€500 million in total for 2019-20 then €1 billion per year after 2020). The European Commission announces that the budget for 2021-2027 will be €13 billion Specific attention will be paid to the 2019 topics:

	- Multipurpose unmanned ground system ;
	- Permanent air or space capabilities for Intelligence, Surveillance and Reconnaissance (ISR) and communication, tactical Remotely Piloted Air Systems (RPAS) and sensor suite for integration into air-traffic management (4 calls);
	- Cyber situational awareness and defence capabilities, military networks and technologies for secure communication and information sharing (3 calls);
	- Positioning, Navigation and Timing (PNT) and satellite communication capabilities;
	- European Command and Control (C2) system from strategic to tactical level;
	- Upgrade of current and development of next generation ground-based precision strike capabilities;
	- Air combat capabilities (2 calls);
	- Future naval platforms and related technologies;
	- Innovative and future-oriented defence solutions (SMEs only).
	All the calls are available here.
	Deadline : August 29, 2019
12.00 to 1.00 pm	**Round table presentation of the participating members of nodes, Networking session & project emergence (1)** 2' presentation per participant Based on the interest expressed by the participants are invited to have individual meetings between them with the speakers and with the national hubs representatives.
1.00 to 2.00	**Lunch**
2.00 to 4.00	**Networking session & project emergence (2)** Based on the interest expressed by the participants, they are invited to have individual meetings between them with the speakers, with the national hubs representatives and other experts to identify possible collaboration, opportunities, project ideas, etc Possible working groups will be organized for the following topics: - **Horizon 2020 2019 calls:** 　▪ SU-BES02-2018-2019-2020 : Technologies to enhance border and external security 　▪ SU-BES03-2018-2019-2020: Demonstration of applied solutions to enhance border and external security 　▪ SU-INFRA01-2018-2019-2020: Prevention, detection, response and mitigation of combined physical and cyber threats to critical infrastructures in Europe - **EDIDP 2019 calls**: 　▪ Multipurpose unmanned ground system ; 　▪ Permanent air or space capabilities for Intelligence, Surveillance and Reconnaissance (ISR) and communication, tactical Remotely Piloted Air Systems (RPAS) and sensor suite for integration into air-traffic management (4 calls);

	- Cyber situational awareness and defence capabilities, military networks and technologies for secure communication and information sharing (3 calls); - Positioning, Navigation and Timing (PNT) and satellite communication capabilities; - European Command and Control (C2) system from strategic to tactical level; - Upgrade of current and development of next generation ground-based precision strike capabilities; - Air combat capabilities (2 calls); - Future naval platforms and related technologies; - Innovative and future-oriented defence solutions (SMEs only). This session will be supported by "facilitators" (representatives from NODEs selected for the experience and the knowledge on the topics) in charge to support the establishment of relationships, the definition of possible cooperation, etc.
4.00 pm	**Main outcome from the working session (by the facilitators)**
4.00 pm	**End of the meeting**
